Any gift designated to The Hunger Relief Fund of Wisconsin, and all undesignated funds, are shared equally among member charities. No contributions are retained by Hunger Relief Fund.

**2500 • Wisconsin Association  
for Environmental Education •  
(715) 570-2587**

Wisconsin has a proud tradition of supporting environmental education. In 1935, we became the first state to pass legislation requiring adequate instruction in the conservation of natural resources” for certification to teach science or social studies in public schools. Today, networks of organizations work to ensure that all communities in Wisconsin, in addition to school children, have the knowledge and skills necessary to build ecologically mindful communities.

In June 2022, the Wisconsin Association for Environmental Education hired its first Executive Director. This position is currently funded for one year. Your donations are especially appreciated in this time of critical support and expansion; WAEE’s ED provides a crucial voice for our network, expands the organization’s capacity, and builds on the legacy of environmental education in our state.

You may contribute to the Wisconsin Association for Environmental Education itself or directly to the member organizations listed in this section. Members receive 100 percent of funds designated specifically.
